REENERGY GROUP PLC
("ReEnergy" or "the Company")

Trading Update

The Board of ReEnergy Group plc, the waste management, sustainable energy and water treatment company, announces that the discussions with Hereford and Worcester councils ("Councils") designed to reach final conclusion to negotiations for a waste supply contract for the processing of up to 344,000 tonnes of municipal waste per annum have been called to a halt by the Councils. The Councils have indicated that they do not wish to continue the discussions.

The Company continues to seek clarification from the Councils and Mercia Waste Management Limited, as primary contractor, as to the reasons behind the decision, given the Councils' publicly stated adoption of autoclave waste processing technology.

The Company is assessing all options available to it for redress and a further announcement will be made in due course.
